

Take the Parkinson's Queensland Survey. Make a difference.

As the leading Queensland based organisation providing information, education, support and advocacy to people impacted by Parkinson's Disease across the state, we want to know what matters to you.

We appreciate your regular feedback and we encourage you to continue providing it to us, however, every now and again we need some more specific answers to questions which inform the direction of our organisation. This is one of those times.

This **short survey** will assist us to more effectively plan our services and support over the coming few years so your responses are really important.

We encourage you to participate by answering a few short questions which should take no more than 15 minutes.

Survey closes **Friday 8 July 2022**.
