About the Event

Join us for a special public webinar showcasing the exciting work of the MDSANZ Clinical Trials Network. We'll take you behind the scenes of current and upcoming clinical trials, share the latest developments in research and give the floor to both leading experts and emerging researchers in the field of movement disorders. The talks will be followed by a question and answer session.

What our experts will talk about

- Alex Lehn: *The MDSANZ Clinical Trials Network – Updates on current & upcoming clinical trials*
- Niamh Hennessy: *TarGAITed Stimulation Trial: stepping towards a non-invasive treatment for Parkinson's disease walking impairments*
- Lucy Vivash: *Clinical trials for Progressive Supranuclear Palsy*
- Aishwarya Mary Johnson: *Hitting Parkinson's Where It Hurts: Two-Pronged Attack*
- Richard Gordon: *Understanding and targeting the gut microbiome in Parkinson's disease*
- Joan Toroy: *Bringing clinical trials closer to home - Expanding Access in Regional and Remote Australia*
